

Indiana FAASTeam presents:

# **FAA Wings: Tips with Tricks with ATC & Flying with the iPad sponsored by Hangar Hawks**

Tips with Tricks with ATC & Flying with the iPad sponsored by Hangar Hawks

8:30am - Registration and coffee 9:00am -

Tips and Tricks from Indianapolis ATC:

Learn how ATC and pilots can work more closely together to avoid the 6 o'clock news.

We'll focus on a range of topics from local airspace issues and restrictions, to how best to keep controllers happy and get where you want to go safely. You'll also get the chance to have those burning questions answered.

Bring your questions! 10:15am -

Break 10:30am - Flying with the iPad: Learn advanced tricks to using your iPad in both VFR and IFR conditions. We'll learn about the latest in-cockpit weather tools available including XM and Stratus / ADS-B. We'll also focus on the latest features and tools available in the newest releases of apps like ForeFlight. 11:45am - Hangar Hawks meeting and lunch: Stick around for a meeting of the newest aviation group at Indianapolis Executive Airport, the Hangar Hawks. Hot dogs, chips, and drinks will be provided.
